Dear MyChart User,

Recently, TMC Health learned that some organizations have been targeted by scam emails pretending to be MyChart. These emails may advertise products such as a MyChart "Medicare Kit" or "Senior Kit."

These emails are scams. TMC Health does not offer any such kits.

At this time, we have not received any reports of patients receiving these emails claiming to be from TMC Health. However, because other health systems have been affected, we want to make you aware of this potential scam.

If you receive an email offering one of these kits and claiming to be from TMC Health, do not click on any links or provide any personal information. To access MyChart safely, always use the MyChart link on tmcaz.com.

Sincerely,

TMC Health
